

Set A - organized, i like how there's more negative space

- Could use a navigation bar
- Good contrast

Set B -

- more themes and atmosphere of the book
 - Handwriting, disorienting
 - Maybe more padding on menu bar
 - I like the house logo

Overall - set a but more imagery, clutter that adds to themes but not too disorganized

- Images: less in a column and more scattered in a grid, maybe overlapping,
- ^ would reflect house layout
- Not too busy of a background, solid color maybe with texture
- I like how the page is vertical, reflects really long staircase in the book
- Add text explaining what the letters are
- https://en.wikipedia.org/wiki/House_of_Leaves#:~:text=The-,Whalestoe,-Letters%5Bedit
- Curious to see what the home page would look like with the blue house color and a serif font
- For mobile, column layout of images works better but still maybe overlap a little
- For characters, picture above and words below, click arrow to go to next one, like "image carousel"
